

The Dulles solar project is a 100 MW solar generation project in Loudoun County VA, at the Dulles International Airport Property. The project site is approximately 1,513 acres of predominantly wooded land. The site will be co-located with Dulles storage project, creating Dominion's first Solar + Storage hybrid facility. Poland Rd-Runway DP 230 kV will serve as the Point of Interconnection.

The Dulles storage project is in Loudoun County VA, at the Dulles International Airport Property. The project site is approximately 20 acres and will be co-located with the 100 MW Dulles Solar farm, creating Dominion's first Solar + Storage hybrid facility. Poland Rd-Runway DP 230 kV will serve as the Point of Interconnection.

Project Boundaries 1:30,000
